What is SketchFlow?

- ▣ Prototyping tool for Blend
- ▣ Create quick “apps”
- ▣ Re-use styles and templates

SKETCHFLOW FOR WP

Prototyping for Blend

- ❑ Comes as part of full blown Blend.
- ❑ Designs looked sketched (well obviously)
- ❑ Runs as a Silverlight app in the browser when run.

Prototyping for Blend

DEMO

Create Quick “Apps”

- ❑ Very quick sample apps
- ❑ Use existing xaml knowledge
- ❑ No actual business logic needed
- ❑ Sample data can be used
- ❑ Navigate between pages
- ❑ Show the full experience (Start menu, App list)

Create Quick “Apps”

DEMO

Re-use Styles and Templates

- ▣ Styles created for Sketchflow demos can be re-used in actual apps!
- ▣ Just a few tweaks will be required
